

**I**N a real Cup tie finish, West Wallsend beat Metters by 2-1 at S.C.G. No. 2 yesterday. Bush was the deciding factor in Westy's success. He booted a brace of fine goals.

This is West Wallsend's first success in 14 years. Probably the youngest team in the competition they played all over their more experienced rivals, and beat them to the kick.

Goalie Baker played an outstanding game for Westy, while R. Mutch did all that was asked of him to the locals.

G. and R. Robinson played scidly at full-back for the winners, and Pugh started among the halves.

Bush was the best forward on the ground, and bamboozled Metters by his unorthodox methods.

Metters, as usual, were served best by Drummond and Johnston.

The half-backs, led by B. Hughes, gave the forwards a feast of the ball, but they made little use of it.

English naval player J. Salkie was their best forward, with Tom Iredale always a danger when in possession.

West Wallsend 2 (G. Bush 2), Metters 1 (J. Salkie)

B. Hughes.
